We are happy to announce that International Beads Biennale 2020 will be held in Hiroshima Japan, for the purpose of contributing the development and prosperity of glass beads cultures.

This exhibition has been originally held in Japan only but was opened to overseas from the last one in 2017.

In 2020 exhibition, we look forward to having much more beads artworks and beads jewelries with rich creativity and excellent technology of artists from all over the world.

Beads have decorated people's lives since ancient times in civilization.

We expect this Biennale to be the festival not only to show glass beads artworks and cultures to the world, but also to feel the attractiveness of bead works and beads jewelries themselves.

June 2019.
